*Information as of January 2012

Why exhibit?

- Turkey's economy keeps booming: in 2010, the GDP rose by 8.9 %. For 2011 the trend is even more positive.
- From 2012 to 2017 the demand of floorings is expected to rise by 24 %. Resulting in the enormous amount of 155 mio. sqm needed in six years' time.
- At the same time, Middle East remains a highly interesting region, with Saudi-Arabia planning further facilities for the increasing number of pilgrims and Qatar preparing for the FIFA Worldcup 2022.
- Istanbul is the perfect location to attract visitors from Turkey as well as from Middle East.
