Ready for the future.

INTERSCHUTZ – your operational centre for business and new contacts

The **world's leading trade fair** for the fire and rescue services, civil protection, safety and security, which takes place in June 2020, will again prove to be **the most important international meeting-place** for manufacturers and users.

The next INTERSCHUTZ will be held under the lead theme “Teams, Tactics, Technology – Connected for Protection and Rescue”. This **leading international trade fair** draws attention to two crucial aspects: the use of innovative digital solutions and the increased collaboration of players and organizations.

Inspiration, business, people – join us in shaping the future at INTERSCHUTZ 2020!

- FG Open-air site
- VG Demonstration site
- ↑ Entrance
- CC Convention Center
- PRESS Press Center

New:

Rescue services in Hall 26 and an optimized exhibition structure

As an exhibitor you will benefit from a steady flow of professional visitors. With a display area of 21,000 m² Hall 26 is a spacious showcase for the rescue and ambulance services, as well as for tools and equipment for extricating victims of accidents. The display provides a complete overview of manufacturers, suppliers and special topics. The improved themed layout of displays at INTERSCHUTZ 2020 also means less footwork for visitors as it reduces the distances between the various displays and the talks and special events held in the Convention Center.

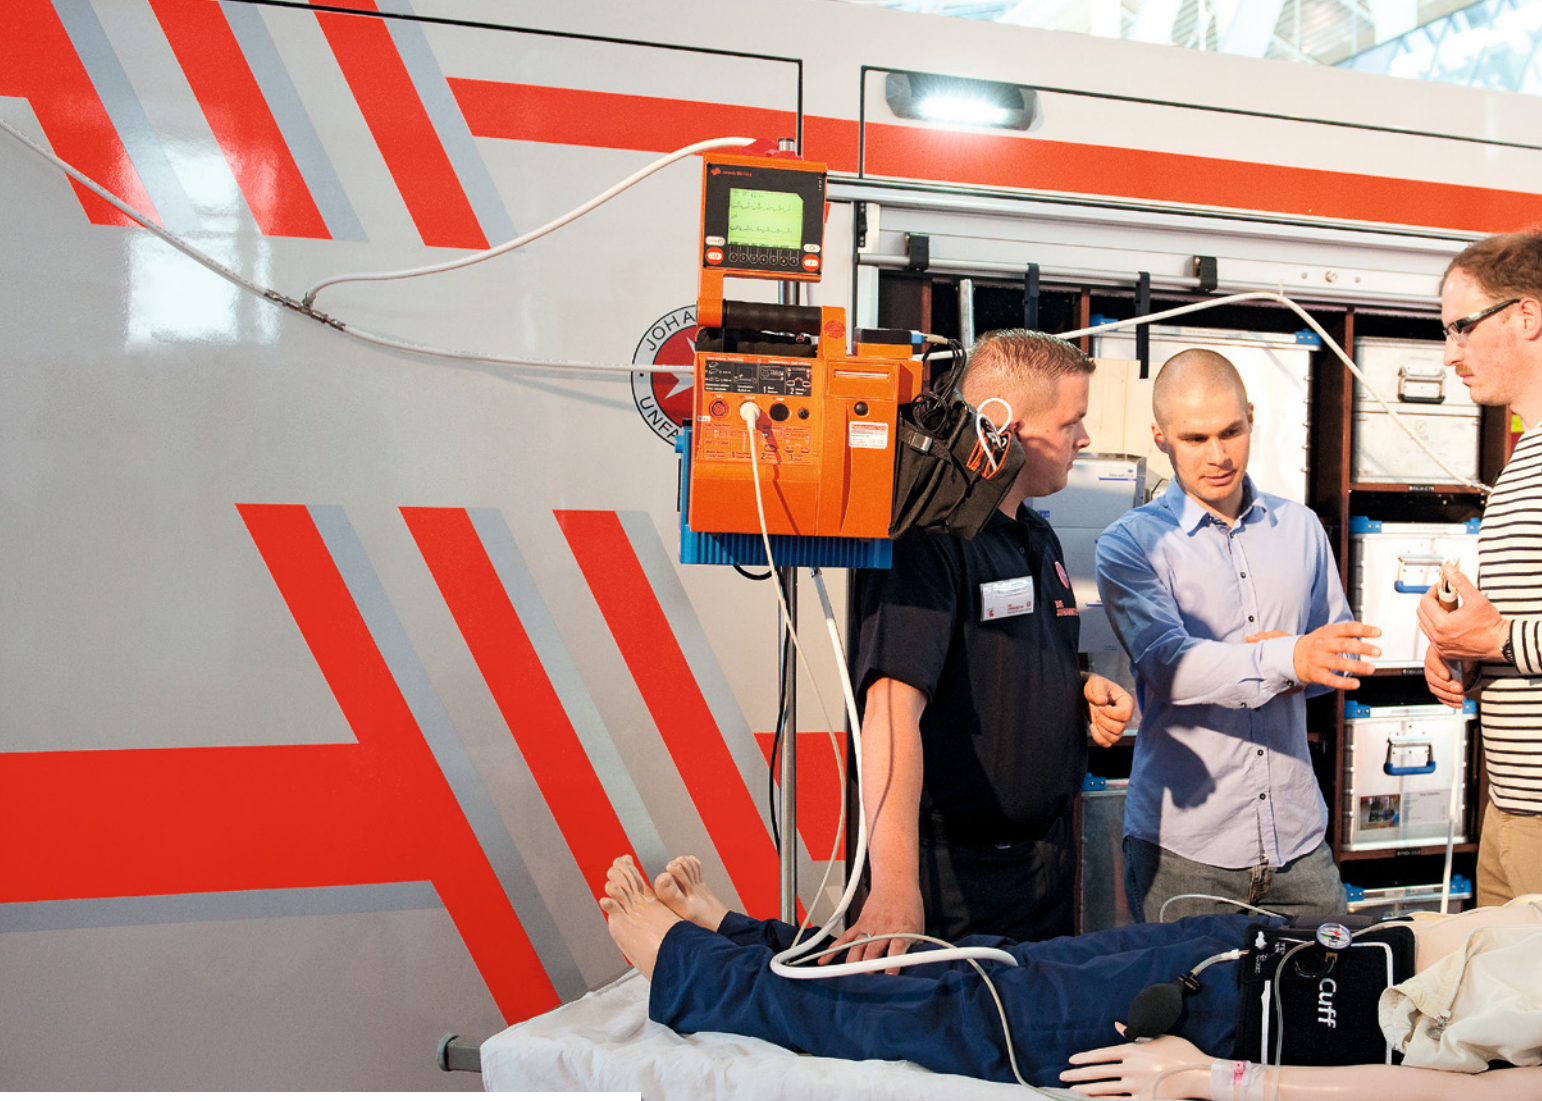

Special events:

Meeting and Forum

The Summit for the Rescue Services offers an ideal opportunity for discussions, networking and a professional exchange between all the key players in your sector.

Other attractions include:

- Demonstrations (open-air site)
- German Federal States' Committee for the Rescue Services
- Comparison of European emergency and rescue services
- Hannover Emergency Medicine Symposium (Johanniter Academy)
- Hans-Dietrich Genscher Prize / Johanniter Junior Prize
- Holmatro Extrication Challenge

Our service team would be pleased to advise you in person. Simply contact us directly using the number printed on the back page.

Your area of expertise:

Rescue services

Innovation & networking: all the key sectors at one venue

INTERSCHUTZ is the only trade fair in the world that highlights the interaction and collaboration of the fire and rescue services, civil protection and the safety and security services.

With displays of ambulances and rescue vehicles, medical equipment and data management solutions as well as live demonstrations, INTERSCHUTZ puts the focus on innovation, high-performing teams and technology, and demonstrates how these components are linked.

State of the art: Responding to new risks and challenges

Major incidents and disasters pose a growing challenge to the rescue services. Forecasts suggest that demographic changes alone will result in greater demands on rescue and emergency services. INTERSCHUTZ serves as a place for a professional exchange and networking where all the players in this sector can present their innovations, technology and new concepts. In short, as an exhibitor you will enjoy a unique opportunity to position your company as an innovator and influencer helping to shape the future of the rescue services.

Meet the important decision-makers and buyers of your target groups:

- Emergency and rescue organizations (including emergency doctors, emergency paramedics / medical technicians, first-aiders, first responders)
- Fire services
- Ambulance services
- Municipal and government authorities, public bodies
- Fund providers
- Occupational medical health insurance companies

Overview of the keynote themes for your sector

- Ambulance and rescue vehicles
- Ambulance equipment and apparatus
- First-aid materials
- Medical equipment
- Disinfection equipment and apparatus
- Stretchers and accessories
- Training institutes for the rescue services
- Data management
